# READ&WRITE GOLD Advanced Training

This hands-on training will cover advanced topics for the experienced user of Read&Write GOLD, including:

## Research tools:

- Fact Folder
- Fact Mapper

## Testmaker:

- Create secure, accessible quizzes

## Spell Check:

- Adjust search settings
- Add terms to the Custom Dictionary

## Word Prediction:

- Turn word lists on/off
- Teach new words to Word Prediction
- Word Prediction relationships to Spelling Dictionaries

## Teacher's Toolkit:

- Purpose
- Accounts
- Feature Sets
- Global vs. User-specific Files
- Managing Logs

## About the Presenter—Jennifer Ray

Having served several roles within the educational and technology communities, Jennifer has extensive experience as a computer access, software, and technology instructor at the local, state, and national levels. Formerly a Technology Specialist, Jennifer coordinated training and service activities in a statewide network of assistive technology resource centers and played a key role in the development of statewide technology initiatives including a statewide assistive technology training curriculum, database, and web site. Jennifer's current focus is managing Professional Services for Texthelp Systems, Inc.

**Investment:** \$75/person - AT Academy members are free!  
Lunch and materials included.

## Please note:

You may use our laptops or bring your own with the current version (Version 9) of Read&Write GOLD installed.

### Administrivia:

- No refunds will be given if cancellation occurs within 2 weeks of the workshop.
- If special accommodations are required, paid registration must be received 1 month before workshop.
- Workshop may be canceled if enrollment is insufficient to cover costs.
